

International Tax

In a world of intensified global competition, the key to business success is keeping your tax strategy agile and aligned with your corporate strategy, while keeping an eye on your worldwide effective tax rate. Post BEPS scenario this would be extremely challenging, and businesses will have to re-evaluate their operational, financing and holding structures and also assess their tax strategy with the aim of developing a sustainable tax framework.

Nexdigm (SKP's) International Tax team is geared to assist you in providing solutions.

We can help answer the most important questions

Whether existing corporate structure has any **tax issues from BEPS perspective?**

Whether existing transfer pricing policies are **BEPS ready?**

Whether we should route new investments through **intermediate holding companies?**

Can we bring down our **effective tax rate?**

What should be the **right debt-equity mix?**
